Trace - Here are the bond forms that will need to be completed and accepted by the Division Director prior to processing material at Skyline or Emery. Any questions, please call me at 801-538-5268. Thank you. Pam

Next week, the coal program is trying to get a permit out the door so we can keep the coal coming out of the ground. Maybe Thursday or the following week will work better. But, in any case - call Pam on the bond.
